

ANKARA MEDICAL CHAMBER

1730/05

Elif Zavar
Aşık Veysel Mah. 118 Sok No. 16.3
Abidinpaşa/Ankara

Dear Ms Zavar,

Your application to this Chamber concerning the health of your husband Erol Zavar has been assessed by our Management Board and the opinion of an expert was requested. The expert opinion report of Dr Müslüm Yıldız is appended herewith.

Submitted for your information,

With our respect

In the name of the Management Board of the
Ankara Medical Chamber

Dr Semih Tatlıcan
General Secretary

pp: Expert's Opinion

Mithatpaşa Cad. 62/18 Kızılay 06240 ANKARA
Tel: 0 (312) 418 8700 (Pbx)

To the Office of the President of Ankara Medical Chamber

Ankara

The file of Erol Zavar sent to me under your letter of 27 May 2005, numbered 1705/05 was examined.

The said person underwent TUR-Tm in 1999, TUR-Tm on 17.0.2004, TUR-Tm on 09.06.2004, and the cystoscopy revealed on the right lateral bladder wall 2no papillary tumorous foci (1cm x 0.5cm), on the left lateral bladder wall 2no papillary tumorous foci (1cm x 0.5cm), and papillary tumorous foci on the collum between 7 and 10 o'clock.

Submucosal invasion (+), no invasion of the muscle layer (report of 24.02.2004). For this reason, since the tumour has reached an advanced stage, the patient should either be referred to one of the Health Ministry's Training and Research Hospitals and re-evaluated, or referred to one of the University Medical Faculties and the necessary tests carried out.

A final decision with respect to the patient could be made on the basis of such tests.

With my respects,

Dr Müslüm YILDIZ
